Communications

The COD Connection communication vehicle was launched this past year and there will be five email editions completed by July 2011. The purpose of the Connection is to provide COD members with a quick reference communication tool focused mostly on COD business issues and updates. Incoming Chair Evans has indicated that he intends to continue the COD Connection.

COD Executive Group

This group consisting of the Chair, Chair-elect, Past Chair, Secretary, Administrative Representative and AACP CEO began working together this past fall and met by phone conference monthly throughout the year. Meeting agendas consisted of COD business items and issues and

importantly, planning for the AACP Interim and Annual Meetings for 2010-2011. Communications have been enhanced among the COD leadership and AACP staff as a result of routine, frequent and consistent communications. Many thanks to CEO Maine for supporting and making this activity come to life.

AACP Interim Meeting 2011

The February Interim Meeting was an outstanding success for the COD.

AACP Board of Directors Meeting at the Interim Meeting 2011

The February 2011 Interim meeting was a success for the COD members. The minutes of the Interim meeting COD Business meeting are published on the AACP web-

site. AACP BOD updates were presented by immediate past-Chair Kroboth and under New Business CEO Maine provided an update on the search for the AACP Chief Science Officer. Dr. Vincent Lau has since accepted the position and will be present at our COD Business meeting at the Annual Meeting in San Antonio. The COD enjoyed excellent sessions on CMS, Medical Homes and Accountable Care Organizations. The AACP BOD is focusing on how our Association can better position our schools/colleges regarding these new CMS initiatives. A special session with ACPE was very informative and ACPE staff addressed a series of questions that COD members submitted as well as continuing discussion during open mike questions from COD members. Discussion is ongoing about continuing this type of session with ACPE on a more frequent basis.
