Board Member Bruce Canaday was elected by his peers to serve as the ACPE Board Liaison to the International Commission in 2013. The Commission receives staff support from the ACPE International Services Program (ISP) staff. Commission Officers for 2013 were Chair – Claude Mailhot and Vice Chair - Janet Engle.

STAFF CHANGES
The ACPE full-time staff is now at 13 FTE. In February 2013 Sharon L. Hudson retired after 13 years of service to ACPE and in August 2013 Lindsay Antikainen resigned from her position as Accreditation Facilitator for the Professional Degree Program. ACPE hired Silvi Kastrati as the Office Assistant. Consultants working with ACPE on accreditation and other activities included: Lindsay Antikainen, Kimberly Catledge, Dick Gourley, Sharon Hudson, Anne-Marie Kondic, Beenish Manzoor, Max Ray, Gary Smith, George Spratto, and Dawn Zarembski. Consultants working with ACPE on communication activities included Jann Skelton and Patti Manolakis for operational communications and Bill Zellmer for strategic communications.

PUBLIC INTEREST PANEL
The ACPE Public Interest Panel reviews all proposed professional degree program actions and recommendations and provides comments and recommendations to the ACPE Board of Directors for their consideration. The panel members for 2013-2014 were: Angela Cowser, Instructor in the Sociology of Religion and the Director of the Center for the Church and the Black Experience (CBE), William M. Youngblood, past Senior Pastor of Northminster Presbyterian Church, and Jeffrey Tabares, J.D., Hepler Broom, LLC, Chicago.

• On-site visits authorized for applications for certification: 3

**ACPE ACTIVITIES**

**Publications**

• The *ACPE Report of Proceedings* were distributed electronically to ACPE stakeholders and posted on the ACPE web site after the June 2013 and January 2014 Board of Director meetings. Opportunity was given for the submission of written third party comments concerning qualifications for accreditation or preaccreditation. No comments were received.

• Two issues of our newsletter, *ACPE Update*, were published and distributed to ACPE stakeholders.

• Three issues of the *Provider eUpdate* were published and distributed to ACPE-accredited CPE providers. Jennifer Baumgartner serves as editor of the *Provider eUpdate*.

• Three issues of the International Services Program (ISP) Newsletter were published and distributed to ACPE stakeholders around the world. Irena Ademaj serves as the editor of the *ISP Newsletter*.

• The *Directory of Accredited Professional Degree Programs of Colleges and Schools of Pharmacy*, the *Directory of Accredited Providers of Continuing Pharmacy Education* and the *Directory of Certified Degree Programs* were maintained on the ACPE website. These directories provide both program/provider accreditation and program certification information and public information regarding the ACPE accreditation and certification processes.

• Journal Publications:

• ACPE CPE Administrator Workshop **Webinars** were made available on ACPE’s website. These webinars provide practical guidance CPE providers need to meet ACPE’s Standards for Continuing Pharmacy Education and Policies and Procedures for the CPE Program. The webinars are available for purchase individually or as a series.

**Joint CE Accreditation**

ACPE, the Accreditation Council for Continuing Medical Education (ACCME), and the American Nurses Credentialing Center (ANCC) Accreditation Program continued collaboration in offering “Accreditation of Continuing Education Planned by the Team.” The goals of this joint accreditation are to support healthcare team-focused education that improves patient care, and at
the same time to streamline the accreditation processes. The eligibility requirements for Joint Accreditation recently changed. Joint Accreditation for the Provider of Continuing Education for the Healthcare Team is available if:

- The structure and processes to plan and present education designed “by and for the healthcare team” are in place and fully functional for at least the past 18 months.
- At least 25% of all educational activities developed by the organization during the past 18 months are categorized as “interprofessional” and can demonstrate an integrated planning process that includes health care professionals from two or more professions who are reflective of the target audience the activity is designed to address.
- Your organization engages in the Joint Accreditation process and demonstrates compliance with the criteria described below and if currently accredited, any associated accreditation policies required by ACCME, ACPE or ANCC.

Audio-Digest Foundation; Baystate Health, Inc.; Geisinger Health System; OptumHealth Education; PRIME Education, Inc. are the organizations to receive this joint accreditation as providers of continuing education for health care professionals in 2013. For further information please go to the Joint Accreditation website at www.jointaccreditation.org.

**CPE Monitor**

ACPE and the National Association of Boards of Pharmacy (NABP) developed a continuing pharmacy education (CPE) tracking system that will authenticate and store data for completed CPE units received by pharmacists and pharmacy technicians from ACPE-accredited providers. The system saves state boards of pharmacy, CPE providers, pharmacists, and pharmacy technicians time and cost by streamlining the process of verifying that licensees and registrants meet CPE requirements and by providing a centralized repository for pharmacists’ and pharmacy technicians’ continuing education details. The CPE tracking system creates a direct link for sending CPE data from ACPE-accredited providers to ACPE and then to NABP, ensuring that reported CPE units are officially verified by ACPE-accredited providers. Providers no longer need to provide electronic or printed statements of credit to their pharmacist and pharmacy technician participants. Instead, once information is received by NABP, the tracking system will make CPE data for each participant available to the state boards of pharmacy where the participant is licensed or registered. Beginning January 1, 2013 onwards, data provided to CPE Monitor is the official record of participants’ CPE activities. If the participants require a paper form of credit, the participants may print the information from their e-profile.

**Continuing Professional Development Steering Committee**

Formerly the Continuing Professional Development Task Force, the committee met in May and November 2013. The CPD Steering Committee members include: Janet Cline, Creative Educational Concepts, Inc.; Jeannine Dickerhofer, Kaiser Permanente Colorado; Anna Legreid Dopp, WEA Trust and Access Community Health Center; Shelby Englert, American Pharmacists Association; Kristin Janke, University of Minnesota; Eileen Lewalski, National Association of Boards of Pharmacy; Jennifer Moulton, Collaborative Education Institute; Michael Simeone, University of Rhode Island; Toyin Tofade, University of Maryland; and CoraLynn Trewet, University of Iowa; Anthony Provenzano, New Alberson’s, Inc. The work of the Steering Committee contributes to ACPE’s ongoing goal to improve the approaches and strategies that pharmacists and pharmacy technicians adopt for their lifelong learning. The CPD Steering Committee planned a successful one-day CPD Pre-conference at ACPE’s 15th CPE Conference October 1, 2013.

**Bi-annual CPE Conference**

The ACPE CPE Commission and staff planned ACPE’s 15th Biannual CPE Conference. It took place from October 1-4, 2013 at the Hyatt Regency in Minneapolis, Minnesota. The theme for the conference was “Advancing Quality Continuing Education: Navigating the Waters.” It was announced at the conference that this would be the last Biannual conference as ACPE will be collaborating with the Alliance for Continuing Education for the Health Professions (ACEhp) to provide continuing professional development opportunities for CPE providers and their staff.

**International Commission Activities**

The ACPE International Services Program (ISP), established by the ACPE Board in January 2011, continued its implementation of the program with the certification of the first two professional degree programs at the June 2013 Board Meeting. Three on-site visits to consider applications for certification were authorized. The number of professional degree programs outside the United States enquiring about or actively pursuing certification continues to grow. In addition to certification activities, ISP staff presented workshops and training in several countries, including Croatia, Bosnia, Saudi Arabia, Philippines, Italy,
Ireland, Serbia, Montenegro, and Singapore. ACPE updated its Memorandum of Understanding (MOU) with the Canadian Council for Accreditation of Pharmacy Programs (CCAPP), and approved two new MOUs with CIDPHARMEF (Conférence internationale des doyens de pharmacie d’expression française) and the Pharmaceutical Society of Ireland (PSI). Through ISP, ACPE is continuing its collaboration with Management Sciences for Health (MSH) to support quality assurance and quality advancement initiatives in all areas of pharmacy education and training, especially in low-resource countries.

Interactions with Other Organizations
In addition, the ACPE staff was active in interactions and activities designed to enhance ACPE’s ability to conduct its core activities; keep abreast of developments in the field of accreditation and in pharmacy; and ensure enhanced communications with and understanding of ACPE by our constituents. ACPE Board and/or Staff members made presentations at or attended the following meetings: Accreditation Council for Continuing Medical Education, Alliance for Continuing Education in the Health Professions, American Association of Colleges of Pharmacy (including Interim Institutional Research and Assessment Committee), American College of Clinical Pharmacy, American Association of Pharmacy Technicians, American Foundation for Pharmaceutical Education, American Nursing Credentialing Center, American Pharmacists Association, American Society of Health-System Pharmacists (including Commission on Credentialing and National Preceptors Conference), Asian Association of Schools of Pharmacy, Association of Specialized and Professional Accreditors, Association of Regulatory Boards of Optometry, Belgrade/Serbia Workshop, American College of Clinical Pharmacy, American Association of Pharmacy Technicians, American Foundation for Pharmaceutical Education, American Nursing Credentialing Center, American Pharmacists Association, American Society of Health-System Pharmacists (including Commission on Credentialing and National Preceptors Conference), Asian Association of Schools of Pharmacy, Association of Specialized and Professional Accreditors, Association of Regulatory Boards of Optometry, Belgrade/Serbia Workshop, Canadian Council for Accreditation of Pharmacy Programs, Chicago Area Accreditors, College of Psychiatric and Neurologic Pharmacists, Council for Higher Education Accreditation, Council on Credentialing in Pharmacy, Croatian Pharmaceutical Society, European Pharmaceutical Students Association Summer University, FDA REMS Public meeting, International Pharmaceutical Federation, Istanbul University Workshop, Joint Commission of Pharmacy Practitioners, King Faisal University/Saudi Arabia Workshop, Lumina Foundation, Management Sciences for Health, Monash University Education Symposium, NABP-AACP District Meetings, National Association of Boards of Pharmacy (including Curriculum Outcomes Assessment Forum), National Advisory Council of the National Center for Interprofessional Practice and Education, National Guard Conference/Saudi Arabia, Pharmacy HIT Collaborative, Philippine Pharmacists Convention, Podgorica/Montenegro Workshop, Poznan University/Poland, Split University/Croatia, and US Department of Education.

PROFESSIONAL PROGRAMS OF COLLEGES AND SCHOOLS OF PHARMACY

Accreditation Actions Taken
On the basis of comprehensive, focused, and staff consultation evaluations conducted during the reporting year, communications received from the institutions, ongoing review of first-time NAPLEX® passing rates, entry class size, attrition, academic dismissals, withdrawals, and on-time graduation rates, and comments of the Public Interest Panel, the Board of Directors determined the accreditation status along with specified terms and conditions for various professional programs noted below. (Note: A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective history of the accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.) An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended. The accreditation actions taken are as follows:

For Purposes of Considering Continued Accreditation Status:

Duquesne University Mylan School of Pharmacy
Doctor of Pharmacy Program: accreditation continued. (2012-2013; 2020-2021)

Annual Monitoring

In addition to the monitoring presented above, all programs are monitored through statistical analysis of enrollment, attrition, academic dismissals, withdrawals, and on-time graduation rates provided by AACP and review of graduates’ performance on NAPLEX® examinations provided by NABP. Review of the data required the sending of a letter of concern to several colleges or
schools of pharmacy, in accord with established monitoring criteria.

**Self-Study Training for Colleges and Schools of Pharmacy**

Two workshops were conducted for deans and self-study chairs in August 2013 with a combined total of 54 attendees participating.

**Evaluation Team Member Training**

Review of the accreditation process, with a special focus on the role and responsibilities of evaluation team members, was conducted at a training workshop held in Chicago. Over 405 potential site team members have now been trained at the workshops to address Standards 2007 and the new review procedures (evaluation form, standardized surveys, etc.). 30 additional site team members were trained at the ACPE March 2014 Evaluator Training Workshop.

**Evaluation Team Members**

The success of the on-site evaluation depends upon the substantial efforts and dedication of many individuals (in addition to ACPE Board members and staff) who serve voluntarily as evaluation team members. Both academic and practice-oriented individuals served during the year. These were (titles noted are those as of the time of service on an ACPE on-site evaluation team):

- **David Allen**, Dean and Professor University of Mississippi School of Pharmacy; **Heidi M. Anderson**, Former Member, ACPE Board of Directors and Provost and Vice President for Academic Affairs University of the Sciences in Philadelphia; **Dean Arneson**, Academic Dean Concordia University School of Pharmacy; **Marilyn M. On-going Monitoring

ACPE staff continued daily monitoring of accredited providers through review of Activity Description Forms (ADFs), responses to questions and requests for information from accredited providers, and follow-up to written complaints received regarding specific providers and/or continuing pharmacy education program activities.

Provider Guidance

During 2013, ACPE professional staff provided extensive technical assistance, consultation, and other resources to accredited providers as well as others seeking assistance. The policy of inviting providers to meet with ACPE professional staff in Chicago or at other locations of mutual convenience continues to serve an effective educational and communication purpose and administrator workshops continue to be well received.

ACPE CPE Administrator Workshops

These sessions include administrators from newly accredited providers as well as administrators from established provider organizations. The workshops are designed to provide a working knowledge of the ACPE accreditation process as it relates to continuing pharmacy education, ACPE Standards for Continuing Pharmacy Education, policies and procedures, Standards for Commercial Support, Provider Web Tool, and Continuing Professional Development as they relate to the provider’s accredited continuing education program.

Two CPE Administrator Workshops were offered in Chicago, IL. Total number of participants was 50. ACPE also conducted an Administrator Workshop at its 15th ACPE CPE Conference. There were a total of 38 attendees.

INTERNATIONAL SERVICES PROGRAM
Certification Actions Taken

On the basis of comprehensive and staff consultation evaluations conducted during the reporting year and communications received from the institutions, the Board of Directors determined the certification status along with specified terms and conditions for various professional programs noted below. (Note: A list of certified professional degree programs of colleges and schools of pharmacy, which designates the respective history of the certification status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.) An action to “affirm” implies that a previously established certification term has been confirmed. An action to “continue” implies that the certification date has been extended. The certification actions taken are as follows:

For Purposes of Granting Initial Certification Status:
King Saud University College of Pharmacy, Kingdom of Saudi Arabia

Bachelor of Pharmacy program: Full certification was granted. (2012-2013; 2014-2015)
Doctor of Pharmacy program: Full certification was granted. (2012-2013; 2014-2015)

For Purposes of Consideration of Application for Certification

The ACPE Board authorized the following on-site visits to evaluate:

- The PharmD degree program of the College of Clinical Pharmacy, King Faisal University, Kingdom of Saudi Arabia.
- The MPharm Degree of Near East University Faculty of Pharmacy, Turkish Republic of Northern Cyprus (TRNC)
- The PharmD Degree of JSS University College of Pharmacy, Mysore and Ooty campuses, India

Staff Consultations Requested

A staff consultation was requested and completed at the King Saud bin Abdulaziz University for Health Sciences College of Pharmacy.

Self-Study Training for Colleges and Schools of Pharmacy

One self-study workshop was held at the ACPE office and four workshops were conducted via live webinar for colleges and schools of pharmacy applying for certification.

Evaluation Team Member Orientation and Training

Training sessions to review the certification quality criteria and process, with a special focus on the role and responsibilities of evaluation team members, were conducted on three occasions, with a total of 11 evaluators trained. Live webinars to orientate prospective members of on-site evaluation teams were provided on five occasions, with a total of 69 participants.

Evaluation Team Members

The success of on-site evaluation depends upon the effort and dedication of volunteers who serve as evaluation team members in addition to ACPE Board members, Commission members, and staff. For the one on-site evaluation conducted in 2013, the following volunteer served on the team: Wafa Dahdal, Director of International Programs, American College of Clinical Pharmacy.
