ACPE ACTIVITIES

Publications

The ACPE Report of Proceedings were distributed electronically to ACPE stakeholders and posted on the ACPE web site after the June 2014 and January 2015 Board of Director meetings. Opportunity was given for
the submission of written third party comments concerning qualifications for accreditation or preaccreditation. No comments were received.

Two issues of our newsletter, ACPE Update, were published and distributed to ACPE stakeholders. Two issues of the Provider eUpdate were published and distributed to ACPE- accredited CPE providers. Jennifer Baumgartner serves as editor of the Provider eUpdate. Two issues of the International Services Program (ISP) Newsletter were published and distributed to ACPE stakeholders around the world. Silvi Kastrati serves as the editor of the ISP Newsletter.

The Directory of Accredited Professional Degree Programs of Colleges and Schools of Pharmacy, the Directory of Accredited Providers of Continuing Pharmacy Education and the Directory of Certified Degree Programs were maintained on the ACPE website. These directories provide both program/provider accreditation and program certification information and public information regarding the ACPE accreditation and certification processes.

Journal Publications and Presentations including ACPE staff members

Joint Accreditation for Interprofessional Continuing Education™:

ACPE, the Accreditation Council for Continuing Medical Education (ACCME), and the American Nurses Credentialing Center (ANCC) Accreditation Program continued collaboration in offering “Accreditation of Continuing Education Planned by the Team for the Team.” The goals of this joint accreditation are to support healthcare team-focused education that improves patient care, and at the same time to streamline the accreditation processes. Collaboration with our counterparts in medicine (ACCME) and nursing (ANCC) CE accreditors progressed with 15 jointly accredited providers, 15 applications pending review and 65 calls of interest. The criteria for CE provider participation were expanded to allow more opportunities for providers to gain joint accreditation and provide CE for interprofessional audiences. The Joint Accreditation website was launched, with co-funding provided by ACCME, ANCC and ACPE.

American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.), Contemporary Forums, and the Joint Commission are the organizations that received joint accreditation as providers of continuing education for health care professionals in 2014. Institute for Healthcare Improvement, and VHA, Inc. received Re-Accreditation. For further information please go to the Joint Accreditation website at www.jointaccreditation.org.

CPE Monitor™:

CPE and the National Association of Boards of Pharmacy (NABP) developed a continuing pharmacy education (CPE) tracking system that will authenticate and store data for completed CPE units received by pharmacists and pharmacy technicians from ACPE-accredited providers. The system saves state boards of pharmacy, CPE providers, pharmacists, and pharmacy technicians time and cost by streamlining the process of verifying that licensees and registrants meet CPE requirements and by providing a centralized repository for pharmacists’ and pharmacy technicians’ continuing education details. The CPE tracking system creates a direct link for sending CPE data from ACPE-accredited providers to ACPE and
then to NABP, ensuring that reported CPE units are officially verified by ACPE-accredited providers. Providers no longer need to provide electronic or printed statements of credit to their pharmacist and pharmacy technician participants. Instead, once information is received by NABP, the tracking system will make CPE data for each participant available to the state boards of pharmacy where the participant is licensed or registered. Beginning January 1, 2013 onwards, data provided to CPE Monitor™ is the official record of participants’ CPE activities. If the participants require a paper form of credit, the participants may print the information from their e-profile.

Continuing Professional Development Steering Committee
Formerly the Continuing Professional Development Task Force, the committee met in May and November 2014. The CPD Steering Committee members include: Janet Cline, Creative Educational Concepts, Inc.; Jeannine Dickerhofe, Kaiser Permanente Colorado; Kristin Janke, University of Minnesota; Jennifer Moulton, Collaborative Education Institute; Michael Simeone, University of Rhode Island; Toyin Tofade, University of Maryland; CoraLynn Trewet, University of Iowa; Anita Young, Northeastern University Bouve College of Health Sciences. The work of the Steering Committee contributes to ACPE’s ongoing goal to improve the approaches and strategies that pharmacists and pharmacy technicians adopt for their lifelong learning.

International Commission Activities
The International Services program made important progress this year. The Commission met in May and November 2014. The Commission welcomed new member Anthony K. Wutoh and said goodbye and thank you to William A. Gouveia and Bruce Canaday for their service on the Commission. After authorized on-site visits and the recommendation of the International Commission, the Board granted Certification to two PharmD degree programs and Provisional Certification to one program. The program held a highly successful exhibit at the FIP meeting in Bangkok, Thailand. A reception hosted by the ISP was well attended and received by the attendees. Pete Vlasses and Jean Pierre Grégoire, a bi-lingual colleague from the pharmacy program at Laval University in Canada, conducted a consultation in the French-speaking Democratic Republic of the Congo at the University of Kinshasa, Faculty of Pharmaceutical Sciences. The consultation was funded by United States Agency for International Development (USAID) through Management Sciences for Health (MSH). Additionally, Mike Rouse was invited to speak on the IS program and CPD by organizations in a number of countries and conducted a number of live webinars or in-office meetings on ISP.

Interactions with other organizations
The ACPE staff was active in interactions and activities designed to enhance ACPE’s ability to conduct its core activities; keep abreast of developments in the field of accreditation and in pharmacy; and ensure enhanced communications with and understanding of ACPE by our constituents. ACPE Staff members made presentations at or attended the following meetings and conferences: Accreditation Council for Continuing Medical Education, Alliance for Continuing Education in the Health Professions (including Quality Symposium), American Association of Colleges of Pharmacy, American Foundation for Pharmaceutical Education, American Nursing Credentialing Center, American Pharmacists Association (including APhA Academy of Student Pharmacists), American Society of Health-System Pharmacists (including Commission on Credentialing and Ambulatory Care Summit), Asia Pacific Pharmacy Education Workshop, Association of Specialized and Professional Accreditors, California State Board of Pharmacy, Board of Pharmacy Specialties, Canadian Council for Accreditation of Pharmacy Programs, Chicago Area Accreditors, College of Psychiatric and Neurologic Pharmacists, Conjoint Committee on Continuing Education, Council for Higher Education Accreditation, Council on Credentialing in Pharmacy, Dubai International Pharmaceuticals and Technologies (DUPHAT) Conference, European Association of Faculties of Pharmacy, Federation of Associations of Regulatory Boards, Health Professions Accreditors Collaborative, Indian Association of Colleges of Pharmacy, International Conference on Interprofessional Practice and Education, International Pharmaceutical Federation, Joint Accreditation for Interprofessional Continuing Education, Joint Commission of Pharmacy Practitioners, Korean Pharmaceutical Association, Management Sciences for Health, Lifelong Learning Conference, National Association of Boards of Pharmacy (including NABP-AACP District Meetings), National Advisory Council of the National Center for Interprofessional Practice and Education, National Association of Chain Drug Stores Total Store Expo, Near East University Accreditation Workshop for Turkish Faculties of Pharmacy, O’Neil Center Advisory Council, Pan American Conference on Pharmaceutical Education, Pharmaceutical Society of Northern Cyprus, Pharmacy HIT Collaborative, Pharmacy Technician Accreditation Commission, Turkish Pharmacists’ Association, Pharmacy Technician Certification Board Industry Stakeholder meeting, Transforming and Scaling Up Health

PROFESSIONAL PROGRAMS OF COLLEGES AND SCHOOLS OF PHARMACY
Approval of Revised Standards and Guidance documents

- Accreditation Standards and Key Elements for the Professional Degree Program in Pharmacy Leading to the Doctor of Pharmacy Degree, Adopted January 21, 2015
- Guidance for the Accreditation Standards and Key Elements for the Professional Degree Program in Pharmacy Leading to the Doctor of Pharmacy Degree, Adopted January 21, 2015

Accreditation Actions Taken

On the basis of comprehensive, focused, and staff consultation evaluations conducted during the reporting year, communications received from the institutions, ongoing review of first-time NAPLEX passing rates, entry class size, attrition, academic dismissals, withdrawals, and on-time graduation rates, and comments of the Public Interest Panel, the Board of Directors determined the accreditation status along with specified terms and conditions for various professional programs noted below. (Note: A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective history of the accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.) An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended. The accreditation actions taken are as follows:

Annual Monitoring
In addition to the monitoring presented above, all programs are monitored through statistical analysis of enrollment, attrition, academic dismissals, withdrawals, and on-time graduation rates and financial stability provided by AACP review of graduates’ performance on NAPLEX® examinations provided by NABP. Review of the data required the sending of a letter of concern to several colleges or schools of pharmacy, in accord with established monitoring criteria.

Self-Study Training for Colleges and Schools of Pharmacy
Two workshops were conducted for deans and self-study chairs in August 2014 with a combined total of 51 attendees participating.

CONTINUING PHARMACY EDUCATION (CPE) PROGRAM
Applications for Initial Accreditation as a Provider of Continuing Pharmacy Education

A total of nine sets of application materials, submitted by organizations requesting ACPE accreditation status as providers of continuing pharmacy education, were evaluated by the Board this year. The organizations evaluated for consideration of initial accreditation and were granted accreditation status were:

- All Children’s Hospital Department of Pharmacy;
- Ascension Health Resources and Supply Management Group, LLC;
- International Pharmaceutical Federation (FIP);
- Medical Center of the Rockies Pharmacy University of Colorado Health – North;
- Medical Education Training Campus Pharmacy Technician Program;
- ScientiaCME, LLC;
- Specialty Pharma Education Center;
- Tennessee Pharmacists Consortium for Education;
- Western New England College of Pharmacy.

First Review of Applicants
A total of seven First Review Reports by applicants initially accredited in 2014 were evaluated. First Review Reports were submitted by the following providers:

- Belmont University College of Pharmacy;
- Chicago State University College of Pharmacy;
- CPE Consultants, LLC;
- Hamad General Hospital;
- Loyola University Medical Center;
- Qatar University, College of Pharmacy;
- and Scottsdale Healthcare.

Second Review of Applicants
A total of eleven Second Review Reports by applicants initially accredited in 2014 were evaluated. Second Review Reports were submitted by the following providers:

- Accredo Health Incorporated;
- Florida Association of Consultant Pharmacists;
- Froedtert Hospital;
- Indiana University Health;
- Mayo Clinic College of Medicine;
- Sanford-Brown;
- St. Vincent’s Health System;
- StrategicHealthSolutions, LLC;
- The Centre for Pharmacy Postgraduate Education (CPPE) University of Manchester;
- UAB Hospital Department of Pharmacy;
- and University of North Texas Health Science Center.

Comprehensive Reviews as a Provider of Continuing Pharmacy Education
A total of fifty one Comprehensive Reviews were reviewed. Each review entailed an evaluation of a variety of materials reflecting the provider’s CPE program, including sample continuing pharmacy education activities and a self-assessment report reviewed by Field Reviewers and CPE Commissioners. Providers Placed on Probation

The following providers were placed on probation: Alpha Zeta Omega Pharmaceutical Fraternity, New York Alumni Chapter; Atlanta Academy of Institutional Pharmacists; MED2000, Inc.; Medication Management Center; NSF-DBA LLC; and Pharmacists Society of the State of New York.
Inactive Providers
During 2014, one provider, Cross Country Education, went to inactive status as an ACPE-accredited provider of continuing pharmacy education based upon their request. In Inactive Status the provider maintains its ACPE accreditation status as a CPE provider but agrees not to conduct any CPE activities as the primary provider or as the cosponsor and does not submit accreditation reports. ACPE’s annual fee must continue to be paid.

Discontinued Providers
At the June 2014 and January 2015 meetings, ten organizations were discontinued as ACPE-accredited providers of continuing pharmacy education based upon their request for a voluntary withdrawal or lapse of term. Discontinued providers included:

Comprehensive Continuing Education, LLC; ExcelleRX; Florida Hospital Department of Pharmacy; Healthstream; Missouri Pharmacy Association; NSF Health Sciences; Pharmacy Consulting Services Group; The CE Solution; University of Michigan College of Pharmacy; and University of Puerto Rico School of Pharmacy

Withdrawal of Accreditation
None

On-going Monitoring
ACPE staff continued daily monitoring of accredited providers through review of Activity Description Forms (ADFs), responses to questions and requests for information from accredited providers, and follow-up to written complaints received regarding specific providers and/or continuing pharmacy education program activities.

Provider Guidance
During 2014, ACPE professional staff provided extensive technical assistance, consultation, and other resources to accredited providers as well as others seeking assistance. The policy of inviting providers to meet with ACPE professional staff in Chicago or at other locations of mutual convenience continues to serve an effective educational and communication purpose and administrator workshops continue to be well received.

ACPE CPE Administrator Workshops
These sessions include administrators from newly accredited providers as well as administrators from established provider organizations. The workshops are designed to provide a working knowledge of the ACPE accreditation process as it relates to continuing pharmacy education, ACPE Standards for Continuing Pharmacy Education, policies and procedures, Standards for Commercial Support, Provider Web Tool, and Continuing Professional Development as they relate to the provider’s accredited continuing education program.

Field Reviewers

Certification Actions Taken

On the basis of comprehensive and staff consultation evaluations conducted during the reporting year and communications received from the institutions, the Board of Directors determined the certification status along with specified terms and conditions for various professional programs noted below. (Note: A list of certified professional degree programs of colleges, schools, and faculties of pharmacy, which designates the respective history of the certification status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org/international.) An action to “affirm” implies that a previously established certification term has been confirmed. An action to “continue” implies that the certification date has been extended. The certification actions taken are as follows:

For Purposes of Granting Initial Certification Status:

Al Ain University of Science and Technology College of Pharmacy, United Arab Emirates Bachelor of Science in Pharmacy program: Certification was granted. (2013-2014; 2016-2017)

Jagadguru Sri Shivarathreeswara (JSS) University College of Pharmacy, Republic of India Doctor of Pharmacy program: Certification was granted. (2013-2014; 2015-2016)

King Faisal University College of Clinical Pharmacy, Kingdom of Saudi Arabia Doctor of Pharmacy program: Certification was granted. (2013-2014; 2015-2016)

Near East University Faculty of Pharmacy, Northern Cyprus Master of Science in Pharmacy program: Provisional Certification was granted. (2013-2014; 2015-2016)

For Purposes of Consideration of Application for Certification:

There were no pending applications for certification requiring authorization of on-site evaluation visits.

Staff Consultations Requested

A Pre-Application Consultation was requested and completed for Qassim University College of Pharmacy.

Evaluation Team Member Orientation and Training

Training sessions to review the certification quality criteria and process, with a special focus on the role and responsibilities of evaluation team members, were conducted on three occasions, with a total of nine evaluators trained.

Evaluation Team Members

The success of on-site evaluation depends upon the effort and dedication of volunteers who serve as evaluation team members in addition to ACPE Board members, Commission members, and staff. For the four on-site evaluations conducted in 2014, the following volunteers served on evaluation teams: Tina Brock, Professor and Associate Dean for Global Health & Educational Innovations, University of California, San Francisco, School of Pharmacy, San Francisco, California, USA; Jannet M. Carmichael, Pharmacy Executive, Veterans Affairs (VHA), Reno, Nevada, USA; David S. Hill, Dean, University of Saskatchewan College of Pharmacy and Nutrition, Saskatoon, Canada; Abir (Abby) Kahaleh, Associate Dean for Experiential Education and Associate Professor of Administrative Sciences, College of Pharmacy, Roosevelt University, Schaumberg, Illinois, USA; Arijana Meštrović, Competency Development Manager, Pharma Expert, Zagreb, Croatia; Bernard Sorofman, Professor and Executive Associate Dean, The University of Iowa College of Pharmacy, Iowa City, Iowa, USA; and S.
