PROFESSIONAL PROGRAMS OF COLLEGES AND SCHOOLS OF PHARMACY Accreditation Actions Taken.

On the basis of comprehensive, focused, and staff consultation evaluations conducted during the reporting year, communications received from the institutions, ongoing review of first-time NAPLEX® passing rates, entry class size, attrition, academic dismissals, withdrawals, and on-time graduation rates, and comments of the Public Interest Panel, the Board of Directors determined the accreditation status along with specified terms and conditions for various professional programs noted below. (Note: A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective history of the accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE website at www.acpe-accredit.org). An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended. Double asterisks (**) indicates a term extension due to the COVID-19 pandemic; a single asterisk (*) indicates a shortened term. The accreditation actions taken are as follows:

On-going Monitoring

ACPE staff continued daily monitoring of accredited providers through review of Activity Description Forms (ADFs), CPE Monitor® activity, responses to questions, requests for information from accredited providers, and follow-up to written complaints received regarding specific providers and/or continuing pharmacy education program and activities.

Provider Guidance

During 2020 ACPE professional staff provided extensive technical assistance, consultation, and other resources to accredited providers as well as others seeking assistance. The policy of inviting providers to meet with ACPE professional staff in Chicago or at other locations of mutual convenience continues to serve an effective educational and communication purpose and administrator workshops continue to be well received.

ACPE CPE Administrator Educational Events

These educational sessions, specifically the ACPE CPE Administrator Workshop, include administrators from newly accredited providers as well as administrators from established provider organizations. The workshops are designed to provide a working knowledge of the ACPE accreditation process as it relates to continuing pharmacy education, ACPE *Standards for Continuing Pharmacy Education*, policies and procedures, *Standards for Commercial Support*, Provider Web Tool, CPE

Monitor[®], and Continuing Professional Development as they relate to the provider's accredited continuing education program. The workshop also strives to offer opportunities for networking with other ACPE-accredited providers.

An ACPE CPE Administrator Workshop was scheduled in April 2020. Due to the COVID-19 pandemic, this face-to-face workshop was cancelled. A *Virtual CPE Administrator Workshop* was planned and conducted via Zoom technology in September 2020. Sixty-five CPE administrators participated.

ACPE CPE staff conducted a webinar, "*Let's Touch Base CPE Monitor*", in October 2020. Staff provided an update to the CPE Monitor service, shared some data points, described the process and forms for CPE Monitor overrides, discussed error rates and solutions, and answered questions. There were approximately 320 CPE administrators and staff present.

The Annual ACPE CPE Conference transitioned to a virtual platform (Zoom technology) on November 13-14, 2020. *ACPE's CPE 2020 Virtual Symposium: Commitment to Excellence* focused on ACPE's New Commendation Pathway for ACPE-Accredited CPE Providers. Providers had an opportunity to discuss and share approaches to advance CE and CPD through engagement with peer providers. The sessions related to specific sections of the ACPE CPE Commendation Criteria and discussion with ACPE CPE Commissioners and peer providers who shared best practices, tools, and strategies to support providers' CE practices. Eighty-one CPE administrators participated.

Field Reviewers

The success of the CPE provider accreditation process depends upon the substantial efforts and dedication of many individuals (in addition to ACPE Board members, CPE Commissioners, and staff) who serve voluntarily as field reviewers. Trainings for field reviewers were provided in webinar format (January and August 2020). During 2020, the following field reviewers assisted with the review of self-assessment reports for Comprehensive Review for the CPE provider accreditation process: **Adrienne Matson**, University of Kentucky College of Pharmacy; **Amy Wang**, Touro College of Pharmacy; **Ana Franco-Martinez**, University Health System, San Antonio; **Angie Knutson**, Advocate Aurora Health; **Ann Barnes**, Pharmacy Technician Educators Council/Patrick B. Harris Psychiatric Hospital; **Anthea Francis**, Howard University College of Pharmacy; **Barry Bleidt**, NSU College of Pharmacy CPE

Committee; **Brianna Henson**, University of Kentucky College of Pharmacy; **Dipti Desai**, Pharmacy Times Office of Continuing Professional Education; **Elizabeth Sebranek Evans**, Intermountain Healthcare; **Janet Cline**, Janet Cline Consulting; **Jeffrey Copeland**, University of the Incarnate Word; **Joanne Nault**, University of Connecticut School of Pharmacy; **Jodie Malhotra**, University of Colorado Skaggs School of Pharmacy and Pharmaceutical Sciences; **Kavya Vaitla**, University of Illinois College of Pharmacy Graduate, Class of 2020; **Keith DelMonte**, St. John Fisher College; **Kelly Owens**, Orlando Health; **Krishna Kumar**, Howard University College of Pharmacy; **Kristin Bell**, Texas Tech University Health Sciences Center School of Pharmacy; **Laura Duvall**, Ohio Health; **Marilyn Bulloch**, Harrison School of Pharmacy Auburn University; **Maryjo Dixon**, Pharmacy Times Office of Continuing Professional Education; **Matt Holderly**, Humana Pharmacy; **Melissa Hudson**, Sullivan University College of Pharmacy and Health Sciences and Family Health Center; **Michelle Locke**, Alaska Pharmacist Association; **Oussayma Moukhachen**, MCPHS University; **Phuong Nguyen Liebl**, Houston Methodist Hospital; **Samantha Gordon**, MED-IQ; **Samantha Thompson**, Florida A&M University College of Pharmacy; **Sara Bork**, Texas Children's Hospital; **Sharon Karina**, ProCE, Inc.; **Steven Crosby**, MCPHS University; **Teresa DeLellis**, Manchester University College of Pharmacy; **Tian Merren Owens**, Florida Pharmacy Association; **Walter Siganga**, Southern Illinois University Edwardsville School of Pharmacy; **Wendi Martin**, VCU Health

INTERNATIONAL SERVICES PROGRAM CERTIFICATION ACTION TAKEN

Based on comprehensive and focused on-site evaluations conducted during the reporting year and communications received from the institutions, the Board of Directors determined the certification status along with specified terms and conditions for the professional programs noted below. (Note: A list of professional degree programs of colleges, schools, and faculties of pharmacy, with certification status, which designates the respective history of the certification status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE website at <https://www.acpe-accredit.org/pdf/ISP/DirectoryofCertifiedPrograms.pdf>). An action to "continue" implies that the certification term has been extended. An action to "affirm" implies that a previously established certification term has been confirmed. The certification actions taken are as follows:

For Purposes of Considering Authorizing an On-Site Evaluation Visit

The Board authorized on-site evaluations of the following programs: none.

On-site evaluations were conducted during spring 2020 to provide the basis for the Board's consideration of Certification of the degree programs at its August 2020.

One self-study workshop was held in August 2020, (with tuition), with a total of 50 participants.

CONTINUING PHARMACY EDUCATION PROVIDER PROGRAM:

Additional Activities

- As of January 1, 2020, ACPE-accredited providers will have the ability to assign a topic designator (08) for pain management/opioid CE activities as follows: *Pain Management/Opioids: Covers all activities that address any component regarding the treatment and management of pain, including the prescribing, distribution and use of opioid medications, and/or the risks, symptoms, and treatment of opioid misuse/addiction.*
- In 2020, ACPE closely monitored the information emerging regarding the spread and new variants of the COVID-19 virus and its potential impact on ACPE accredited and ACPE certified pharmacy degree programs and students, accredited continuing pharmacy education providers, and accredited technician education and training programs. ACPE understands that information related to the coronavirus and vaccine is changing on more than a daily basis and that the latest information must be delivered to pharmacists and pharmacy technicians. Therefore, ACPE waived the policy of submission of CPE activities in the Provider Web Tool 14 days prior to the initial release date until further notice. ACPE requested that the CE activities are input into the Provider Web Tool prior to the release date of the activity.
- In addition, in coordination with national healthcare leadership, the continuing education accrediting bodies in medicine, nursing, and pharmacy collaborated to support efforts to find COVID vaccine-related education. ACPE-accredited providers may use the LearnToVaccinate.org Resource Submission Form to submit CE activities for posting on www.LearnToVaccinate.org website to assist healthcare professionals to find education.
- Joint Accreditation for Interprofessional Continuing Education:

- This year the Joint Accreditation program reviewed 39 applicants and reaccreditations, and 14 progress reports. To date, there are 119 Joint Accredited providers.
- Joint Accreditation conducted:
 - ‘How To’ Workshop for approximately 65 attendees in April 2020
 - Leadership Summit for Joint Accredited Providers in October 2020 with approximately 200 attendees
- Recruited and trained approximately 30 new reviewers
- Added three Associate Members: American Dental Association, Council for Dietetic Registration, and Board of Certification for the Athletic Trainer
- Continuing Professional Development (CPD)
- The ACPE Board approved expansion of the Commission to include two new members with experience in Continuing Professional Development (CPD). Additional duties of the CPD members will involve promoting and facilitating research, analysis and scholarship around CPE/CPD; advising on CPD marketing strategies and public relations; providing feedback and/or assistance with CPD-related initiatives; and assisting in policy development as needed. The two Commissioners whose term will be through December 31, 2022 are:
 - Nicholas Lehman, PharmD, BCACP, is an Associate Professor of Pharmacy Practice at Drake University College of Pharmacy and Health Sciences.
 - Diane Yoon, EdD, is the Associate Director for the Office of Continuing Professional Development (CPD) at the University of Southern California (USC) School of Pharmacy
- ACPE continues to enhance the CPD platform (My CPD) via the CPE Monitor® Plus mobile app or web browser. The CPD platform (My CPD) provides a user-friendly interface to help set the direction of one’s professional development and keep it going over time. It can aid in demonstrating that competencies are kept current; providing a record of professional development to fulfill employment or regulatory requirements; and directing career goals or supporting career change. Create personal development plans, document CE and non-CE learning activities, and demonstrate the impact of learning in practice using the CPD platform
- In the LEARN stage of My CPD, users can document learning activities that are formal (e.g. attending a CE workshop or taking an on-demand webinar) or informal (e.g. reading articles on a particular topic or discussing an issue with colleagues). For CE activities

(ACPE and non-ACPE) recorded in the CPE Monitor transcript, users can search the transcript to select specific activities to assign to a CPD cycle. Once selected and saved, those CE activities will appear in the Activity list along with any non-CE activities the user has recorded.

- Additionally, My CPD allows users to perform a custom search of CE activities offered by ACPE-accredited providers based on competencies selected and professional development objectives created. Keywords with a high degree of relevance to the CPD objective(s) are displayed from which the user can choose. Search results of CE activities display in ACPE’s Pharmacists’ Learning Assistance Network (P.L.A.N. ®). Searches can be further refined via the P.L.A.N. ® website as needed.

INTERNATIONAL SERVICES PROGRAM: Additional Activities

- ACPE’s International Commission (IC) met in June and November 2020. Drs. Abeer M. Alghananeem (USA) and Jannet M. Carmichael (USA) served as Chair and Vice-Chair/Chair-Elect respectively. On the recommendation of the International Commission, Sherief Khalifa (Gulf Medical University, Ajman, UAE) and Jenelle Sobotka (University of Cincinnati, OH, USA) were appointed as Commissioners for an initial three-year term beginning February 1, 2021.
- On the recommendation of the International Commission, Abeer M. Alghananeem (Sullivan University, KY, USA) and Jannet M. Carmichael (Pharm Consult NV, LLC, NV, USA) were reappointed as Commissioners for a second three-year term beginning February 1, 2021.
- On the recommendation of the International Commission, the term of ISPAG was extended by one year beginning February 1, 2021.
- ISP became a member of the International Network for Quality Assurance Agencies in Higher Education (INQAAHE).
- ACPE signed an MOU with the Indian Association of Colleges of Pharmacy (IACP).
- ACPE renewed Memorandums of Understanding (MOUs) with the Commission for Academic Accreditation (CAA, UAE), and Conférence Internationale des Doyens de Pharmacie d’Expression Française (CIDPHARMEF). A virtual MOU signing ceremony took place between ACPE and Commission for Academic Accreditation (CAA), UAE.

- ISP presented an information webinar “An Introduction to ACPE’s International Services Program” May 2020
- ISP organized a series of virtual workshops “Teaching Excellence in Pharmacy Education” for five faculties of pharmacy in Egypt in collaboration with Knowledge E, UAE, and the Egyptian Knowledge Bank, Egypt.
- Annual Reporting for all programs with Certification Status was implemented.
- The ISP team continued the implementation of the strategic objectives approved by the ACPE Board.
- The number of ACPE-certified pharmacy degree programs rose to 21 as a result of the July and August 2020 Board actions; these programs are from 18 schools of pharmacy in Saudi Arabia (6), India (1), United Arab Emirates (3), Northern Cyprus (1), Indonesia (1), Jordan (7), Lebanon (1), and Mauritius (1).
- ISP’s Certification Policies and Procedures were revised to address needed changes related to virtual evaluation visits.
- A fifth regional faculty development workshop – a collaboration with AACP and the Commission for Academic Accreditation (CAA, UAE) – was held in Abu Dhabi, UAE.
